The cultural exchange between Indigenous Nations and Ukrainian settlers served as the basis for the creation of Floral Art in Canada. People who value the beauty of cultural fusion will find resonance in the logo, which captures the essence of this cross-border collaboration. Floral Art is a place where history and modern design collide, turning a symbol into a lasting work of art.

A portion of sales from Floral Art supports Unicef Canada for Ukrainian well-being. This reinforces our dedication to giving back to the communities that inspired our brand, creating a positive impact that aligns with our values of unity, diversity, and shared prosperity
